Good day Jacques

Correction at 20:31: The phrase "against GGSA" must be inserted after the word "open".

PayPal tells me they close your case you open in favor of GGSA. I can't add comments to and / or give you your refund via PP-D-139717746.

That money is still owing to you.

Reply to me with your banking details so I can EFT you your refund and money on that annual GGSA subscription.

If you are open to explicit explicit and / or offensive material, and you are of age (and from what I can tell, you are), there's convenient zip files at some of the more recent public folders to download those Whatsapp transcripts, screenshots and so on. Some of the more recent reviews and / or transcripts are "still in progress", so those zip files may not have the very latest information included in those.

Other than those restrictions I tell you about, all information at those publicly accessible Google drive folders of mine, is public domain (and free).

And don't tell me

I'm overreacting

If you have a reputation

And status

As I do

You learn, quickly

To do your utmost

To make sure

Nobody plays immature

And childish games

With that

The following stern warning and / or disclaimer applies to this email thread:

You not allowed to forward this email and / or thread and / or link(s) to anyone else unless, they are open to explicit and / or offensive material, and they are of age. People that don't match my minimum set of requirements are not allowed to access and / or read material from this email and / or follow links and / or access content from that online folder, or other folders at that same online public Google drive folder tree.

Neither I, nor GGSA accept responsibility and / or liability for access to, or the material or

any website which is linked to and / or from information at those public online folders. By providing links to other websites, neither I nor GGSA, guarantee, approve or endorse the information available at other websites, nor does a link indicate an association with, or endorsement from myself and / or GGSA.

You previously have the option

To go with my refund policies and protocols

To get your query resolved soonest

Since you call on PayPal (and / or others)

To back your harassment

And / or assault against me and / or GGSA

You fall in line with their policies

And protocols

And you fall in line with that

As I tell you to do

You must get, at least one thing clear in your mind

- i) Do you want a refund for a possible error on GGSA part, and as soon as possible, or,
- ii) Do you want to harass me, go on the offensive, be the "hero", and attack my and / or GGSA's reputation and / or credibility by opening "the first and only case" and a record against GGSA on PayPal (which you already do so far)?, or
- iii) both i) and ii), or
- iv) either of those from i) to iii), and something else as well

Now, as I tell you previously

You must wait until on or before

30 January 2022

For a response from this end on that case

And you must do exactly

What I tell you to do
